

Professional Learning Opportunity for SC Educators

Knowing and Doing Science: An Exploration of 3D Learning and Teaching

Description:

Understand the format of the 2021 SC College and Career Ready Science Standards and explore the Three Dimensions of Science:

- Science and Engineering Practices (SEP)
- Crosscutting Concepts (CCC)
- Disciplinary Core Ideas (DCI)

Training will be offered by grade bands:

- K-2
- 3-5
- 6-8
- 9-12

Learning Outcomes:

Participants will:

- explore the 3 Dimensions of Science through phenomenon-based lessons that are age and grade appropriate.
- examine the development, structure, and rigor of the 2021 SC College and Career Ready Science Standards.
- develop an understanding of the connections between grade-level content and the 3 Dimensions of Science.

Recommended For:

Schools and/or District groups seeking to understand the changes in focus and instructional practice as outlined in the 2021 SC College and Career Ready Science Standards.
