

# S<sup>2</sup>TEM Centers SC

Solutions in Science, Technology, Engineering & Mathematics Education

## Using Google Tools Remotely

Get ready for fun!

In this K - 12 teachers' course:

Learn how to use Google Suite to create:

- Engaging activities that promote social and emotional learning and celebrate multiple cultures
- Critical thinking problems that are fun for students
- Asynchronous and Synchronous learning activities

Provide your students the opportunity to:

- Practice and implement the knowledge characteristics and skills from the Profile of the SC Graduate
- Collaborate with peers on creating and implementing lessons using Google Suite
- Engage in critical thinking involving computational thinking and STEM processes

### Synchronous Dates @ 4:00—5:00 PM:

Monday	November 2, 2020
Wednesday	November 4, 2020
Thursday	November 5, 2020
Wednesday	November 11, 2020
Wednesday	November 18, 2020

**\$100**

All 10 Hours are aligned to ISTE Standards for Tech Proficiency

Unless otherwise stated, sessions are in Zoom.

### What prerequisites are there for this course?

Teachers of all content and grade levels from 2nd—12th grade

It is necessary that you have and can use the following tools:

- A computer, a laptop, or a device with a keyboard and a mouse; one that can access Google tools and has the Chrome browser installed.
- Internet access
- Word Processing and Presentation (apps or software—Word, Docs, Slides, PPT)

Here is what some of our participants are saying:

- “Enjoyed class! Learned a lot!”
- “The facilitators offered various levels of support as needed to assure each participant left feeling accomplished and ready to implement some aspect of the course in her classroom.”
